Graphophonemic Knowledge | Letter Substitution: Final Consonants

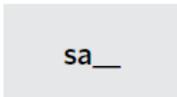

## GK-34 Final Consonant Swap

Blackline Master available  
www.tpri.org

Students practice substituting the final consonant in words to make real and made-up words.

**MATERIALS:** Plastic/magnetic letters, index cards, marker

1 Write different sets of beginning letters on index cards, one set per card. For beginning letters suggestions, see the example below.

2 Place the letters *b c d g m n p r s t w x y* on a table. (To simplify the activity, use fewer letters.) Students can have their own set of letters or share with a partner.

3 Give each student a beginning letters card.

4 Students add plastic letters to the end of their beginning letters card to form words. Students read their words and tell whether they're real or made-up.

EXAMPLE:

Real Word Combinations		
sa_ c d g m p t x	le_ d g t	ba_ d g m n t
pi_ g n p t	cu_ b d p t	bi_ b d g n t
ra_ g m n p t	si_ n p s t x	di_ d g m s
ho_ g p t	fa_ d n t x	ha_ d g m s t

**PREPARATION OF MATERIALS:** Print one set of Consonant Cards for each student. Print one set of Word Beginning Cards for students to work on during the lesson. Cut the cards apart. Follow the directions for play.
