Proven to Work

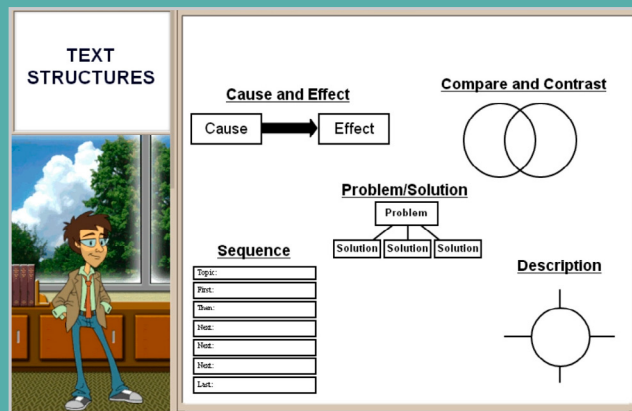

Comprehensive, Award-Winning E-Learning Program Helps Over 4 Million Students Grow

Research shows that Istation helps students grow in skills predictive of future reading success. Istation's computer-adaptive curriculum and assessments are research-based and aligned to individual state standards and Common Core state standards.

Along with teaching resources for school and home, up-to-date reports and intervention tools help drive instruction and track progress. Plus, dedicated trainers with real-world instructional experience help drive adoption, support implementation, and optimize usage with customized professional development workshops and online resources.

Why Istation Works:

- Adaptive Curriculum
- Formative Assessments
- Teacher-Led Lessons
- School and Home Connection
- Personalized Data Profiles
- Professional Development
- Proven Results

FLUENCY

On Saturday morning, Gina stood in the one remaining patch of clean floor space in her bedroom and realized what an _____ mess her room had become. Gina's _____ soon appeared in the doorway. "This _____ is a disaster," she declared. "It _____ be beyond saving. Perhaps we should _____ the whole room from the house _____ than trying to clean it."

Reading Curriculum and Content Areas

PreK-8 Reading Instruction:

- Phonological Awareness
- Phonics/Word Analysis
- Vocabulary
- Comprehension
- Fluency

Writing Instruction:

- Paragraph Building
- Essay Writing
- Six Traits of Good Writing:

Ideas	Organization
Voice	Word Choice
Sentence Fluency	Conventions

Reading Instruction in the Content Area of Science:

- Physical Science
- Life Sciences
- Earth and Space Science

Individualized Learning

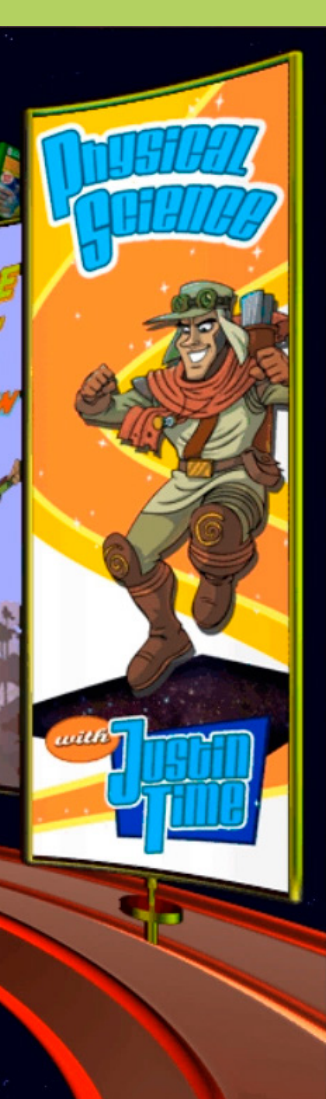

Students Get the Instruction They Need, When They Need It

From developing to established readers, every student learns through purposeful instruction that identifies needs and adjusts to abilities throughout each learner's own individualized learning path.

With hundreds of hours of research-based supplemental instruction, layered scaffolding

offers differentiation and increasing complexity as students learn and practice new skills.

Digital lessons and interactive activities offer explicit and direct instruction with responsive reteaching that supports intervention, development, and enrichment.

Which of these best paraphrases the beginning of the story?

beginning

A Mulan's father teaches her to fight.

B Mulan's father was the only man in her family. That meant he would have to go fight, but the war would surely kill him! Mulan could not let that happen.

C Mulan takes her father's place in the Emperor's army and fights bravely for her country.

D In ancient China, Mulan trains to be a warrior, disguises herself as a boy, and takes her father's place in the Emperor's army.

Flexible Educational Resources

Teacher-Led Lessons for School and Home Access Extend Learning

With hundreds of lesson plans and other educational resources, Istation helps support diverse teaching approaches, including small- and whole-group learning.

Programming automatically sends teachers priority alerts with instructional recommendations based on student performance. Plus,

instructors can search digital lesson libraries, lead classes with interactive tools, and post classroom assignments and homework.

Home access extends learning beyond the classroom. Families and guardians have 24/7 access to easy-to-use supplemental home instruction, reports, and more.

Phonological and Phonemic Awareness Skill Trace
This guide for teachers shows pieces of Istation Reading's interactive program and the ways in which it supports a carefully organized instructional plan for building phonological and phonemic awareness.

Cycle 3, Phonemic Awareness
This lesson set for a Cycle 3 Priority Alert gives instruction on substituting phonemes in spoken words to form new words.

Cycle 4, Phonemic Awareness
This lesson set for a Cycle 4 Priority Alert gives instruction on substituting phonemes in spoken words to form new words.

Cycle 0, Phonemic Awareness
This lesson pair for a Cycle 0 Priority Alert gives instruction on listening for the beginning sound in names and classroom objects.

Cycle 2-3, Phonemic Awareness, Ending Sound
This lesson pair for Cycles 2-3 Priority Alert gives instruction and practice in identifying the final sound in spoken words.

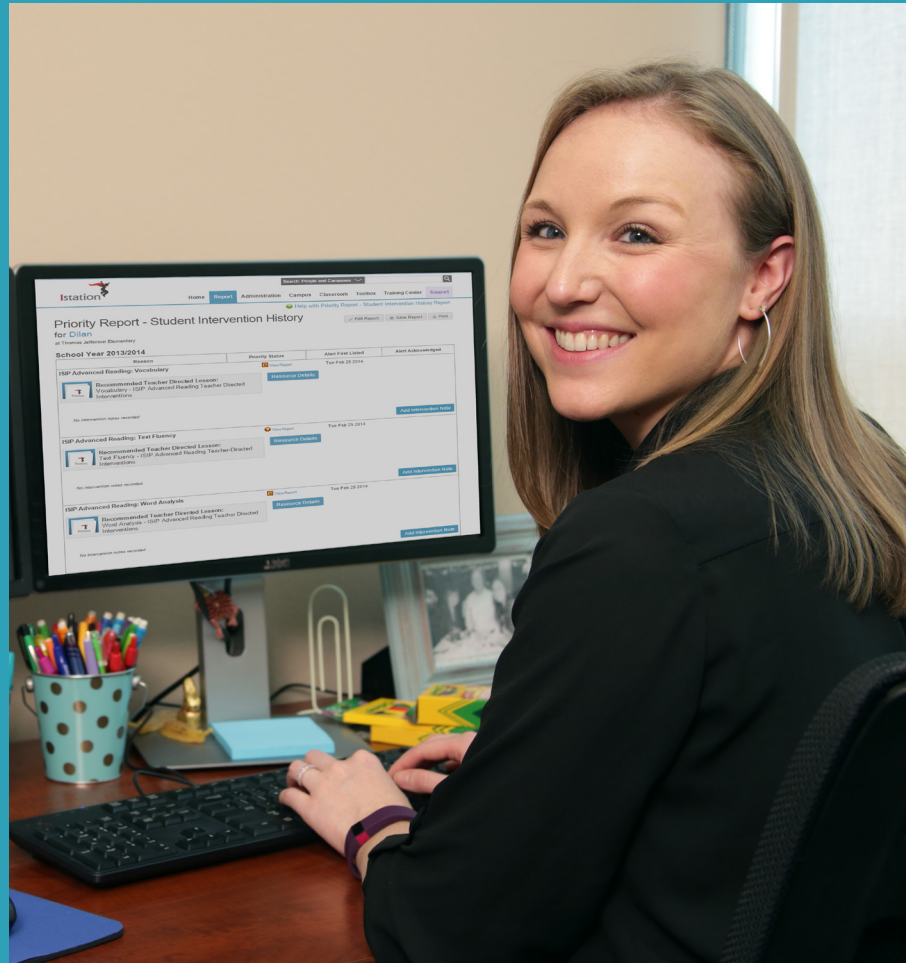

Real-time Data and Reporting

Formative Data to Guide Instructional Decision-Making and Intervention Strategies

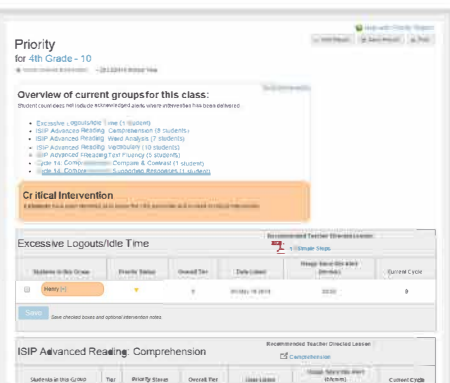

Immediate online access to accurate results and relevant statistics helps teachers prioritize and target opportunities for student growth. Customized reports help teachers implement data-driven instruction and effectively document intervention strategies.

Priority reports automatically escalate students and indicate skills requiring critical intervention while also providing instructional recommendations.

Students, teachers, parents, and administrators can safely and securely download and review reports that include extensive insight and detailed data to help set goals, track usage, and measure progress.

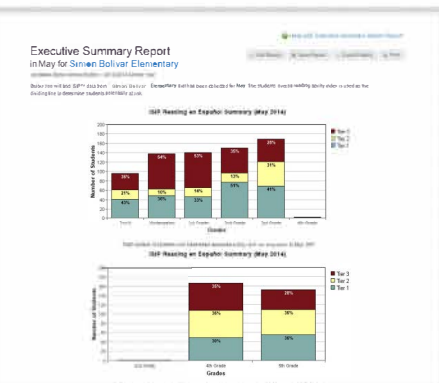

Curriculum, Assessment, Usage, and Intervention Reports

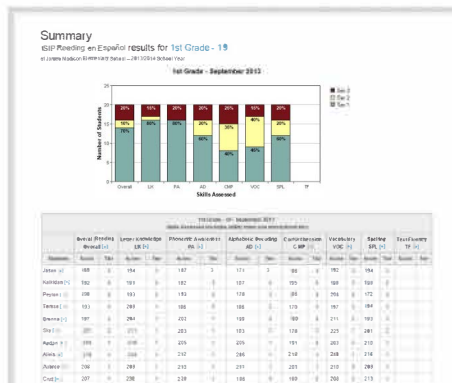

Priority Report

This instructional report identifies which students will benefit from further intervention and provides links to teacher-led lessons and supplemental materials.

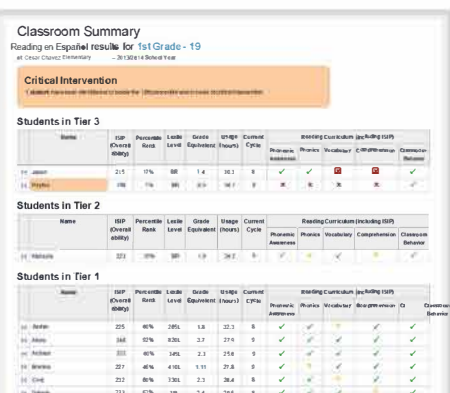

Executive Summary

This assessment report for school and district administrators summarizes current campus results by combining the ISIP™ Summary report with the ISIP Skill Growth by Tier report.

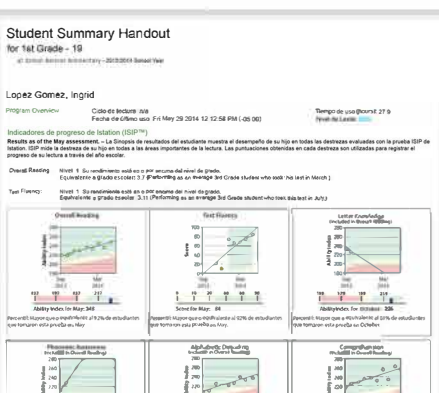

Summary Report

This detail helps teachers determine which skills need to be retaught by providing a classroom overview of how many students are performing within each instructional tier according to skill.

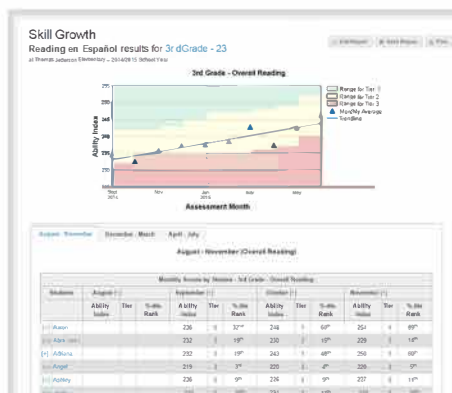

Classroom Summary

This information supports administration of small-group instruction by grouping students by ISIP instructional tiers and tracking skill performance.

Student Summary Handouts

This report summarizes each student's performance, including usage details, Lexile® student measure, ISIP percentile rank, ISIP grade equivalency, and the latest Priority report alerts.

Skill Growth

Designed to help evaluate effectiveness of instructional support and determine needs for whole-group instruction, this class view helps teachers monitor skill acquisition.

Universal Screener and Ongoing Progress Monitoring

Computer-Adaptive Assessment with Game-Like Activities

Nationally-normed Istation's Indicators of Progress (ISIP™) measures student growth by providing monthly formative assessments.

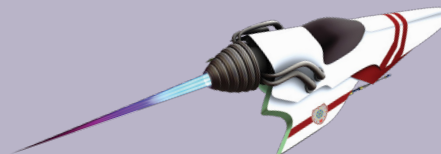

Automatically screen and progress monitor an entire class in 30 minutes every month. For more frequent progress monitoring, additional on-demand assessments are available.

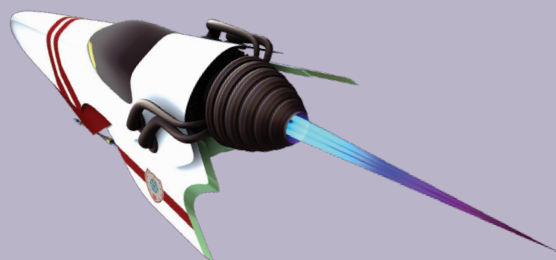

Based on student responses to test questions, assessments adapt to precisely measure student ability and skill development within subtests. Students are then placed onto their own individualized learning paths.

ISIP Subtests

Students begin with an assigned set of grade-based assessments. More or less challenging subtests will be added based on each student's estimated overall reading ability score.

Grade/Level Starting Points	ISIP ER				ISIP AR
	PreK	K	1st	2nd & 3rd	4th – 8th
Listening Comprehension	X	X			
Letter Knowledge	X	X	X		
Vocabulary	X	X	X	X	X
Phonemic Awareness	X	X	X		
Alphabetic Decoding			X	X
