

create your own kahoot CHALLENGE!

For this challenge, you will work to create your very own Kahoot game! You will need to create 12 questions reviewing adding, subtracting, multiplying, and dividing fractions. You will be required to use both fractions and mixed numbers in your problems. You should include at least **ONE** of each of the following types of problems. *The remaining problems are up to you!*

- _____ Adding Two Fractions
- _____ Adding Two Mixed Numbers
- _____ Subtracting Two Fractions
- _____ Subtracting Two Mixed Numbers
- _____ Multiplying Two Fractions
- _____ Multiplying Two Mixed Numbers
- _____ Dividing Two Fractions
- _____ Dividing Two Mixed Numbers

Use the following pages to create your questions and create four answer choices. Use a colored pencil or crayon to shade in the correct answer.

Part of your grade will depend on these answers being correct. Make sure that you double check all of your answers and that they are in simplest form.
